**Company Overview**

**PROFILE**
MathWorks is the leading developer of mathematical computing software. Engineers and scientists worldwide rely on its products to accelerate the pace of discovery, innovation, and development.

**PRODUCTS**
MATLAB®, the language of technical computing, is a programming environment for algorithm development, data analysis, visualization, and numeric computation. Simulink® is a graphical environment for simulation and Model-Based Design of multidomain dynamic and embedded systems. The company produces nearly 100 additional products for specialized tasks such as data analysis and image processing.

**MARKETS SERVED**
MATLAB and Simulink are used throughout the automotive, aerospace, communications, electronics, and industrial automation industries as fundamental tools for research and development. They are also used for modeling and simulation in increasingly technical fields, such as financial services and computational biology.

MATLAB and Simulink enable the design and development of a wide range of advanced products, including automotive systems, aerospace flight control and avionics, telecommunications and other electronics equipment, industrial machinery, and medical devices.

More than 5000 colleges and universities around the world use MATLAB and Simulink for teaching and research in a broad range of technical disciplines.

**STAFF**
MathWorks employs over 4000 people, with 30% located outside the United States.

**HEADQUARTERS**

**MISSION STATEMENT**
**TECHNOLOGY**
Our goal is to change the world by accelerating the pace of discovery, innovation, development, and learning in engineering and science.

We work to provide the ultimate computing environment for technical computation, visualization, design, simulation, and implementation. We use this environment to provide innovative solutions in a wide range of application areas.

**BUSINESS**
We strive to be the leading developer and supplier of technical computing software. Our business activities are characterized by quality, innovation, and timeliness; competitive awareness; ethical business practices; and outstanding service to our customers.

**HUMAN**
We cultivate an enjoyable, vibrant, participatory, and rational work environment that nurtures individual growth, empowerment, and responsibility; appreciates diversity; encourages initiative and creativity; values teamwork; shares success; and rewards excellence.

**SOCIAL**
We actively support our local and professional communities through initiatives that advance STEM education, foster staff volunteerism, build environmental sustainability, and aid global relief efforts.
**WORLDWIDE OFFICES**

Australia – Chatswood  
China – Beijing and Shanghai  
Finland – Espoo  
France – Meudon and Montbonnot

**REVENUE**

- $900 million in 2017, with 60% from outside the United States  
- Profitable every year since its founding

**FAST FACTS**

- Founded in 1984  
- Privately held  
- Software installations at over 90,000 business, government, and university sites  
- Customers in over 180 countries  
- There are more than:  
  - 3 million users of MATLAB worldwide  
  - 4 million files downloaded from File Exchange on MATLAB Central each year  
  - 225,000 contributors worldwide to MATLAB Central apps  
  - 500 third-party solutions that build on MATLAB and Simulink  
  - 1900 MATLAB based books in 27 languages
